

# Escape Slide & Oxygen Cylinders

## *A crucial component for any evacuation.*

*AmSafe® offers both escape slide and oxygen cylinders manufactured under FAA PMA approvals at significant price savings from the OEM. We have onsite storage capabilities with ample inventory to ensure in-stock availability. As lead times from the manufacturers can exceed 12 weeks, you can trust AmSafe to meet your immediate requirements worldwide.*

*As the world's leading provider of safety and securement products for aviation, AmSafe maintains a thorough knowledge of the industry and uses this understanding to benefit the needs of our customers. We recognise the life limit on escape slide and oxygen cylinders can catch our customers by surprise. Using our established distribution network, we can provide our customers with an approved replacement, meeting a sensitive delivery requirement at a price significantly below the OEM – guaranteed.*

*AmSafe is dedicated to ensuring our products are of the highest quality and will assist our customers in finding the right cylinder to meet their sensitive delivery requirements. We offer competitive prices and have proven to be trustworthy for your most critical evacuation component.*

Manufacturing Operations and Service Facilities Across the Globe

# Escape Slide & Oxygen Cylinders

## Steel Cylinders

All steel cylinders are manufactured and tested per the DOT 3HT and DOT 3HT 3.3 specifications.

- Boeing 707, 727.
- Boeing 737 Series and 747, 757, 767, 777.
- Airbus A300, A310, A320, A321.
- Douglas DC-8, 9, 10 and MD-88.
- Lockheed L1011.

## Kevlar Cylinders

All Kevlar cylinders are manufactured and proof tested per the DOT E-8162, DOT SP-8718 and DOT SP-10945 specifications.

- Boeing 737, 747, 767, 777.
- Airbus A300, A330, A340.

## Carbon Cylinders

Aluminum cylinders reinforced with carbon filament windings. All carbon cylinders are manufactured and tested per the DOT SP-10945 and DOT SP-10915 specifications.

- Boeing 707, 727, 737, 747, 757, 767, 777.
- DC-9, 717, MD-80, 88 and 90, & MD-11.
- Airbus A300, A310, A318, A319, A320, A321, A330, A340.

## Oxygen Cylinders

Aluminum cylinders reinforced with Kevlar filament windings. They are manufactured and tested per the DOT SP-8162 specifications and replace AVOX/Scott OEM cylinders.

- Boeing 777, 737, 747, 707, 727, 757, 767.
- Saab 340, 2000.
- Douglas MD-11, 717, MD-88, MD-90, DC-10, DC-9
- Airbus A320, A310, A319, A321, A318, A330, A340, A300.
- Bombardier CL-600, DCH-8, ATR42 and ATR72.
- Pilatus PC-12.
- Gulfstream 1125 Astra.
- ATR 42. ATR72.
- Embraer 120, EMB145, ERJ170, EMB120.
- Cessna 560, 208.
- Learjet 45.
- Mooney M20 Series.
- Dassault Aviation Aircraft Models.
- Mystere Falcon 50.
