Subject: Re: FW: AmSafe CARES restraint

Hi Fok,

The use of this harness is allowed onboard our flights and is treated like any child safety seat. Crew and GSD have been informed.

Please note that the owner (pax) is responsible to install and operate the harness. Cabin crew would assist, if required. Thanks.

Best regards,

Johnny CL Chin

Re: FW: AmSafe CARES restraint

Hi Johnny.

Please confirm if CARES child restraint is approved by CAAS for use on
